

## **Agreement on Data Sharing Between XX and Bandim Health Project, Guinea Bissau**

The Bandim Health Project is hereby making available to XX data derived from the studies of YY in Guinea-Bissau in the period Y1 to Y2.

The dataset is being made available under the following conditions:

- a) The analysis of data will be restricted to the following topics/hypotheses:
1. H1
  2. H2
  3. H3 etc

Should the recipient find it necessary to examine other topics/hypotheses in addition to those listed above, a new agreement will be necessary.

b) If the analysis of the data proves to be useful and there is need to write scientific papers for publication in international journals, the appropriate scientists will share the results with [NAME:Bandim scientist] to discuss the interpretation of the results as well as the publication opportunity and authorship of the papers.

c) As a minimum, papers resulting from these analyses should acknowledge the Bandim Health Project and the original team that collected the data.

d) [NAME OF PERSON FROM XX] agrees to maintain the confidentiality of the data and not make the dataset available to a third party without the permission of [NAME:Bandim scientist].
